

KnovaSolutions can give you the helping hand you need.

**Would you like guidance with your health care?
If you've got questions, we've got answers.**

KnovaSolutions is a no-cost, confidential service that can help you improve your health. Clinical staff members from KnovaSolutions can even help your family members. We can help you answer questions like:

- What does my diagnosis mean?
- Where can I go for the best treatment?
- How do I get a second opinion?
- What are the risks and benefits of this surgery?
- How do I get a copy of my medical records?
- What lifestyle changes will improve my health?
- How can I decrease the stress in my life?

If you're eligible for KnovaSolutions' services, a support team will work with you to build a plan for managing your health. That way, you

can make more informed decisions about your health and your health care. Your support team will talk to you about things that could be affecting your well-being, including helping you with work-, family-, and school-related issues. You can even get information on stress management and nutrition counseling.

Your KnovaSolutions services are customized to meet your unique needs. You and your family are in control of your health every step of the way, with your clinical team there to support your health decisions. Our services are designed to enhance, not replace, your patient-provider relationships. We make it convenient for you to reach out to your support team, but you decide how and when to connect with them.
